

Test Name : MODEL PRELIMS PAPER 150  
Difficulty Level : medium  
Test Type : Free

Total Questions : 100  
Total Marks : 100.00  
Duration : 60.00 mins

**Q.1 Essay : 1-5):Passage:**

**Study the information carefully and answer the question given below.**

Seven persons J, K, L, M, P, Q and R are living on floors of a seven storey building, but not necessarily in the same order. The first floor is numbered as 1 and above it floor is numbered as 2 and so on till the topmost floor is numbered as 7. Each of them likes different movies viz. Newton, Raazi, Stree, Andhadhun, Padman, Parmanu and Soorma, but not necessarily in the same order.

The one who likes Soorma lives below J. R lives on the third floor. There are three floors between J and the one who likes Newton. There are two floors between the floors of L and P. The one who likes Parmanu lives on the ground floor. The one who likes Padman lives just below P. L lives on an odd numbered floor. Q likes Stree. There is only one floor between K and the one who likes Raazi.

Which of the following movie J likes?

- A. Raazi
- B. Andhadhun
- C. Padman
- D. Parmanu
- E. None of these

**Q.2 Essay : 1-5):Passage:**

**Study the information carefully and answer the question given below.**

Seven persons J, K, L, M, P, Q and R are living on floors of a seven storey building, but not necessarily in the same order. The first floor is numbered as 1 and above it floor is numbered as 2 and so on till the topmost floor is numbered as 7. Each of them likes different movies viz. Newton, Raazi, Stree, Andhadhun, Padman, Parmanu and Soorma, but not necessarily in the same order.

The one who likes Soorma lives below J. R lives on the third floor. There are three floors between J and the one who likes Newton. There are two floors between the floors of L and P. The one who likes Parmanu lives on the ground floor. The one who likes Padman lives just below P. L lives on an odd numbered floor. Q likes Stree. There is only one floor between K and the one who likes Raazi.

Who among the following likes Soorma movie?

- A. R
- B. P
- C. J
- D. M

E. None of these

**Q.3 Essay : 1-5):Passage:**

**Study the information carefully and answer the question given below.**

Seven persons J, K, L, M, P, Q and R are living on floors of a seven storey building, but not necessarily in the same order. The first floor is numbered as 1 and above it floor is numbered as 2 and so on till the topmost floor is numbered as 7. Each of them likes different movies viz. Newton, Raazi, Stree, Andhadhun, Padman, Parmanu and Soorma, but not necessarily in the same order.

The one who likes Soorma lives below J. R lives on the third floor. There are three floors between J and the one who likes Newton. There are two floors between the floors of L and P. The one who likes Parmanu lives on the ground floor. The one who likes Padman lives just below P. L lives on an odd numbered floor. Q likes Stree. There is only one floor between K and the one who likes Raazi.

On which of the following floor lives the one who likes Raazi movie?

- A. 7th
- B. 5th
- C. 3rd
- D. 4th
- E. None of these

**Q.4 Essay : 1-5):Passage:**

**Study the information carefully and answer the question given below.**

Seven persons J, K, L, M, P, Q and R are living on floors of a seven storey building, but not necessarily in the same order. The first floor is numbered as 1 and above it floor is numbered as 2 and so on till the topmost floor is numbered as 7. Each of them likes different movies viz. Newton, Raazi, Stree, Andhadhun, Padman, Parmanu and Soorma, but not necessarily in the same order.

The one who likes Soorma lives below J. R lives on the third floor. There are three floors between J and the one who likes Newton. There are two floors between the floors of L and P. The one who likes Parmanu lives on the ground floor. The one who likes Padman lives just below P. L lives on an odd numbered floor. Q likes Stree. There is only one floor between K and the one who likes Raazi.

On which of the following floor lives Q?

- A. 5th
- B. 7th
- C. 6th
- D. 2nd
- E. None of these

**Q.5 Essay : 1-5):Passage:**

**Study the information carefully and answer the question given below.**

Seven persons J, K, L, M, P, Q and R are living on floors of a seven storey building, but not necessarily in the same order. The first floor is numbered as 1 and above it floor is numbered as 2 and so on till the topmost floor is numbered as 7. Each of them likes different movies viz. Newton, Raazi, Stree, Andhadhun, Padman, Parmanu and Soorma, but not necessarily in the same order.

The one who likes Soorma lives below J. R lives on the third floor. There are three floors between J and the one who likes Newton. There are two floors between the floors of L and P. The one who likes Parmanu lives on the ground floor. The one who likes Padman lives just below P. L lives on an odd numbered floor. Q likes Stree. There is only one floor between K and the one who likes Raazi.

Four of the following five belong to a group in a certain way, find which of the one does not belong to that group?

- A. L
- B. Q
- C. K
- D. M
- E. R

**Q.6 Essay : 6-10):Passage:**

**Study the information and answer the following questions:**

In a certain code language

"Verdict Surcharge Insert" is coded as "5&H 8\$R 6\$U"

"World Revenge Launch" is coded as "4\$V 5&K 6\$Q "

"Deferment Plant Medicine" is coded as "4\$O 8\$C 7&L"

What is the code for "Tribunal"?

- A. S&7
- B. 8\$U
- C. 7&S
- D. 8\$S
- E. None of these

**Q.7 Essay : 6-10):Passage:**

**Study the information and answer the following questions:**

In a certain code language

"Verdict Surcharge Insert" is coded as "5&H 8\$R 6\$U"

"World Revenge Launch" is coded as "4\$V 5&K 6\$Q "

"Deferment Plant Medicine" is coded as "4\$O 8\$C 7&L"

What is the code for 'Office'?

- A. 5\$N
- B. N&5
- C. 6\$P
- D. 5&N
- E. None of these

**Q.8 Essay : 6-10):Passage:**

**Study the information and answer the following questions:**

In a certain code language

"Verdict Surcharge Insert" is coded as "5&H 8\$R 6\$U"

"World Revenge Launch" is coded as "4\$V 5&K 6\$Q "

"Deferment Plant Medicine" is coded as "4\$O 8\$C 7&L"

What is the code for 'Honour'?

- A. 6\$G
- B. 5&G
- C. 6\$I
- D. 5&I
- E. None of these

**Q.9 Essay : 6-10):Passage:**

**Study the information and answer the following questions:**

In a certain code language

"Verdict Surcharge Insert" is coded as "5&H 8\$R 6\$U"

"World Revenge Launch" is coded as "4\$V 5&K 6\$Q "

"Deferment Plant Medicine" is coded as "4\$O 8\$C 7&L"

What is the code for 'Charity'?

- A. 6\$B
- B. 6&B
- C. B\$6
- D. 7&D
- E. None of these

**Q.10 Essay : 6-10):Passage:****Study the information and answer the following questions:**

In a certain code language

"Verdict Surcharge Insert" is coded as "5&amp;H 8\$R 6\$U"

"World Revenge Launch" is coded as "4\$V 5&amp;K 6\$Q "

"Deferment Plant Medicine" is coded as "4\$O 8\$C 7&amp;L"

Starting from a point, Yuvi walks 16m to the west, then he turns left and walks 12m, he again turns left and walks 15m, and then he turns right and walks 10m. Finally he walks 2m to the east and stops. In which direction is Yuvi from the starting point?

- A. South
- B. North-east
- C. South-east
- D. West
- E. East

**Q.11 Essay : 11-15):Passage:****Study the information carefully and answer the question given below.**

Eight family members H, K, M, P, R, S, U and W are sitting around a circular table facing the outside, but not necessarily in the same order. U sits second to the right of the mother of H. S is an immediate neighbour of H. P, who is father of H sits opposite to the brother of H. K sits to the immediate left of husband of H. R, who is a female sits second to the left of the father of M. Sister of H sits third to the left of K. Son of H sits third to the left of brother of H. H sits second to the left of son of R. R sits to the immediate right of brother of H. K is son of U.

Who among the following is the mother of M?

- A. R
- B. S
- C. H
- D. Can't determined
- E. None of these

**Q.12 Essay : 11-15):Passage:****Study the information carefully and answer the question given below.**

Eight family members H, K, M, P, R, S, U and W are sitting around a circular table facing the outside, but not necessarily in the same order. U sits second to the right of the mother of H. S is an immediate neighbour of H. P, who is father of H sits opposite to the brother of H. K sits to the immediate left of husband of H. R, who is a female sits second to the left of the father of M. Sister of H sits third to the

left of K. Son of H sits third to the left of brother of H. H sits second to the left of son of R. R sits to the immediate right of brother of H. K is son of U.

Who among the following sits opposite to K?

- A. H
- B. U
- C. W
- D. P
- E. None of these

**Q.13 Essay : 11-15):Passage:**

**Study the information carefully and answer the question given below.**

Eight family members H, K, M, P, R, S, U and W are sitting around a circular table facing the outside, but not necessarily in the same order. U sits second to the right of the mother of H. S is an immediate neighbour of H. P, who is father of H sits opposite to the brother of H. K sits to the immediate left of husband of H. R, who is a female sits second to the left of the father of M. Sister of H sits third to the left of K. Son of H sits third to the left of brother of H. H sits second to the left of son of R. R sits to the immediate right of brother of H. K is son of U.

How is W related to P?

- A. Daughter
- B. Wife
- C. Son
- D. Brother
- E. None of these

**Q.14 Essay : 11-15):Passage:**

**Study the information carefully and answer the question given below.**

Eight family members H, K, M, P, R, S, U and W are sitting around a circular table facing the outside, but not necessarily in the same order. U sits second to the right of the mother of H. S is an immediate neighbour of H. P, who is father of H sits opposite to the brother of H. K sits to the immediate left of husband of H. R, who is a female sits second to the left of the father of M. Sister of H sits third to the left of K. Son of H sits third to the left of brother of H. H sits second to the left of son of R. R sits to the immediate right of brother of H. K is son of U.

How many members sit between S and R, when counted from left side of S?

- A. Two
- B. Five

- C. Three
- D. One
- E. Four

**Q.15 Essay : 11-15):Passage:**

**Study the information carefully and answer the question given below.**

Eight family members H, K, M, P, R, S, U and W are sitting around a circular table facing the outside, but not necessarily in the same order. U sits second to the right of the mother of H. S is an immediate neighbour of H. P, who is father of H sits opposite to the brother of H. K sits to the immediate left of husband of H. R, who is a female sits second to the left of the father of M. Sister of H sits third to the left of K. Son of H sits third to the left of brother of H. H sits second to the left of son of R. R sits to the immediate right of brother of H. K is son of U.

Four of the following five belong to a group in a certain way, find which of the one does not belong to that group?

- A. U
- B. W
- C. S
- D. M
- E. K

**Q.16 Essay : 16-17):Passage:**

**Study the following arrangement carefully and answer the questions given below:**

4 2 3 6 5 8 3 9 5 6 8 2 0 7 6 3 5 2 5 6 9 3 5 4 0 8 7 0 5 3 4

Which of the following digit will be fifth to the left of eighth from the right end?

- A. 6
- B. 9
- C. 5
- D. 2
- E. None of these

**Q.17 Essay : 16-17):Passage:**

**Study the following arrangement carefully and answer the questions given below:**

4 2 3 6 5 8 3 9 5 6 8 2 0 7 6 3 5 2 5 6 9 3 5 4 0 8 7 0 5 3 4

How many 5's are there in the series which are followed by a number less than 4?

- A. One
- B. None
- C. three
- D. Two
- E. More than three

**Q.18 Essay : 18-20):Passage:**

**Study the following information carefully to answer the given questions below.**

21 friends are sitting in a row. Harsh is 8th from the right end. Deepak is fifth to the left of Harry. Only 5 persons are sitting between Harsh and Harry. Dinesh is to the immediate right of Deepak. Deepak is sitting to the left of Harsh.

How many persons are sitting between Deepak and Harsh?

- A. Eleven
- B. Five
- C. Ten
- D. Four
- E. None of these

**Q.19 Essay : 18-20):Passage:**

**Study the following information carefully to answer the given questions below.**

21 friends are sitting in a row. Harsh is 8th from the right end. Deepak is fifth to the left of Harry. Only 5 persons are sitting between Harsh and Harry. Dinesh is to the immediate right of Deepak. Deepak is sitting to the left of Harsh.

What is position of Harry from the left end of the row?

- A. 4th from the left
- B. 7th from the left
- C. 8th from the left
- D. 6th from the left
- E. None of these

**Q.20 Essay : 18-20):Passage:**

**Study the following information carefully to answer the given questions below.**

21 friends are sitting in a row. Harsh is 8th from the right end. Deepak is fifth to the left of Harry. Only 5 persons are sitting between Harsh and Harry. Dinesh is to the immediate right of Deepak. Deepak is sitting to the left of Harsh.

If Adarsh sits exactly between Dinesh and Harry then what is the position of Adarsh from the right end?

- A. 14th from the right
- B. 15th from the right
- C. 18th from the right
- D. 16th from the right
- E. None of these

**Q.21 Essay : 21-25):Passage:**

**Study the following information carefully and answer the questions given below:**

Seven boxes are kept one above the other containing different number of candies ranging from 10-90. There are two boxes kept between Box P and the box containing 61 candies, which is kept below box P. Box J kept below box S, which contains 53 candies. Three boxes are kept between Box L and the box containing 37 candies which is not kept at the bottom. Box L contains 35 more candies than box P. Only one box is kept between box N and box containing 37 candies, which is kept below box N. Only one box is kept between box F and the box containing 61 candies. Two boxes are kept between box F and box L, which is kept below box P. Box J is kept immediately below box containing 46 candies. Box J does not contain 61 candies. Box J contains 58 more candies than box N. Box G contains 32 more candies than box N.

Which of the following box is kept at the top?

- A. L
- B. G
- C. S
- D. N
- E. None of these

**Q.22 Essay : 21-25):Passage:**

**Study the following information carefully and answer the questions given below:**

Seven boxes are kept one above the other containing different number of candies ranging from 10-90. There are two boxes kept between Box P and the box containing 61 candies, which is kept below box P. Box J kept below box S, which contains 53 candies. Three boxes are kept between Box L and the box containing 37 candies which is not kept at the bottom. Box L contains 35 more candies than box P. Only one box is kept between box N and box containing 37 candies, which is kept below box N. Only one box is kept between box F and the box containing 61 candies. Two boxes are kept between box F and box L,

which is kept below box P. Box J is kept immediately below box containing 46 candies. Box J does not contain 61 candies. Box J contains 58 more candies than box N. Box G contains 32 more candies than box N.

What is total number of candies does box P and N contains?

- A. 66
- B. 59
- C. 113
- D. 79
- E. None of these

**Q.23 Essay : 21-25):Passage:**

**Study the following information carefully and answer the questions given below:**

Seven boxes are kept one above the other containing different number of candies ranging from 10-90. There are two boxes kept between Box P and the box containing 61 candies, which is kept below box P. Box J kept below box S, which contains 53 candies. Three boxes are kept between Box L and the box containing 37 candies which is not kept at the bottom. Box L contains 35 more candies than box P. Only one box is kept between box N and box containing 37 candies, which is kept below box N. Only one box is kept between box F and the box containing 61 candies. Two boxes are kept between box F and box L, which is kept below box P. Box J is kept immediately below box containing 46 candies. Box J does not contain 61 candies. Box J contains 58 more candies than box N. Box G contains 32 more candies than box N.

How many boxes are kept between box G and the box which contains 37 candies?

- A. One
- B. Three
- C. Two
- D. Four
- E. None of these

**Q.24 Essay : 21-25):Passage:**

**Study the following information carefully and answer the questions given below:**

Seven boxes are kept one above the other containing different number of candies ranging from 10-90. There are two boxes kept between Box P and the box containing 61 candies, which is kept below box P. Box J kept below box S, which contains 53 candies. Three boxes are kept between Box L and the box containing 37 candies which is not kept at the bottom. Box L contains 35 more candies than box P. Only one box is kept between box N and box containing 37 candies, which is kept below box N. Only one box is kept between box F and the box containing 61 candies. Two boxes are kept between box F and box L, which is kept below box P. Box J is kept immediately below box containing 46 candies. Box J does not

contain 61 candies. Box J contains 58 more candies than box N. Box G contains 32 more candies than box N.

How many boxes are kept below the box which contains 87 candies?

- A. Three
- B. Two
- C. One
- D. More than Three
- E. None

**Q.25 Essay : 21-25):Passage:**

**Study the following information carefully and answer the questions given below:**

Seven boxes are kept one above the other containing different number of candies ranging from 10-90. There are two boxes kept between Box P and the box containing 61 candies, which is kept below box P. Box J kept below box S, which contains 53 candies. Three boxes are kept between Box L and the box containing 37 candies which is not kept at the bottom. Box L contains 35 more candies than box P. Only one box is kept between box N and box containing 37 candies, which is kept below box N. Only one box is kept between box F and the box containing 61 candies. Two boxes are kept between box F and box L, which is kept below box P. Box J is kept immediately below box containing 46 candies. Box J does not contain 61 candies. Box J contains 58 more candies than box N. Box G contains 32 more candies than box N.

What is the total number of candies does boxes at the top and the bottom contains?

- A. 74
- B. 117
- C. 129
- D. 101
- E. None of these

**Q.26** D is standing at a point. He walks 15m to the south and further 25m to the east, then he walks 35m to the north and further 40m to the west, then he finally walks 45m to the south. What is the shortest distance between starting and final point?

- A. 28m
- B.  $5\sqrt{34}$ m
- C.  $\sqrt{880}$ m
- D.  $5\sqrt{36}$ m
- E. None of these

Q.27 **Essay : 27-30):Passage:**

**In the given questions, assuming the given statements to be true, find which of the given four conclusions numbered I, II, III and IV is/are definitely true and give you answer accordingly.**

Statements:

$$H = C \geq E = B, F \leq O = D < H$$

Conclusions:

I.  $F \leq E$                   II.  $H > O$

III.  $H \geq B$                 IV.  $F < H$

- A. All I, II, III and IV are true
- B. Only II, III and IV are true
- C. Only I and II are true
- D. Only IV is true
- E. None of these

Q.28 **Essay : 27-30):Passage:**

**In the given questions, assuming the given statements to be true, find which of the given four conclusions numbered I, II, III and IV is/are definitely true and give you answer accordingly.**

Statements:

$$J \leq M < L = H, N = S > Q \geq H$$

Conclusions:

I.  $L = N$                       II.  $J < S$

III.  $M > H$                     IV.  $S > L$

- A. Only I and II are true
- B. Only III and IV are true
- C. Only I and IV are true
- D. Only III is true
- E. None of these

Q.29 **Essay : 27-30):Passage:**

**In the given questions, assuming the given statements to be true, find which of the given four conclusions numbered I, II, III and IV is/are definitely true and give you answer accordingly.**

Statements:

$$U \geq X = V < W, R \geq T > Y = W$$

Conclusions:

I.  $T > X$       II.  $R > V$

III.  $U \geq T$       IV.  $X \leq V$

- A. Only I and II are true
- B. Only II and III are true
- C. Only III is true
- D. Only IV is true
- E. None of these

Q.30 **Essay : 27-30):Passage:**

**In the given questions, assuming the given statements to be true, find which of the given four conclusions numbered I, II, III and IV is/are definitely true and give you answer accordingly.**

Statements:

$$O \leq S = E < W, D > L = A \geq O$$

Conclusions:

I.  $D \leq E$       II.  $L \leq S$

III.  $W \leq A$       IV.  $D > S$

- A. All I, II, III and IV are true
- B. Only II and III are true
- C. Only I and IV are true
- D. None is true
- E. None of these

Q.31 **Essay : 31-35):Passage:**

**Study the following information carefully and answer the question given below-**

Seven persons were born in seven different years viz. 1976, 1956, 1991, 1998, 1955, 1975, 1984. (All the ages of the given persons have been calculated on base year 2019).

The difference between the ages of C and B is less than the age of J. The difference between the ages of F and E is a perfect square. The sum of ages of B and D is equal to the age of N. The age of J and E is an even number but none of them is an oldest person.

Who among the following is the youngest person?

- A. J
- B. E

- C. D
- D. B
- E. N

**Q.32 Essay : 31-35):Passage:**

**Study the following information carefully and answer the question given below-**

Seven persons were born in seven different years viz. 1976, 1956, 1991, 1998, 1955, 1975, 1984. (All the ages of the given persons have been calculated on base year 2019).

The difference between the ages of C and B is less than the age of J. The difference between the ages of F and E is a perfect square. The sum of ages of B and D is equal to the age of N. The age of J and E is an even number but none of them is an oldest person.

What is the difference between the ages of D and J?

- A. 20 years
- B. 7 years
- C. 1 years
- D. 24 years
- E. None of these

**Q.33 Essay : 31-35):Passage:**

**Study the following information carefully and answer the question given below-**

Seven persons were born in seven different years viz. 1976, 1956, 1991, 1998, 1955, 1975, 1984. (All the ages of the given persons have been calculated on base year 2019).

The difference between the ages of C and B is less than the age of J. The difference between the ages of F and E is a perfect square. The sum of ages of B and D is equal to the age of N. The age of J and E is an even number but none of them is an oldest person.

Who among the following born in year 1975?

- A. E
- B. F
- C. J
- D. B
- E. None of these

**Q.34 Essay : 31-35):Passage:**

**Study the following information carefully and answer the question given below-**

Seven persons were born in seven different years viz. 1976, 1956, 1991, 1998, 1955, 1975, 1984. (All the ages of the given persons have been calculated on base year 2019).

The difference between the ages of C and B is less than the age of J. The difference between the ages of F and E is a perfect square. The sum of ages of B and D is equal to the age of N. The age of J and E is an even number but none of them is an oldest person.

What is the sum of ages of E and D?

- A. 47 years
- B. 75 years
- C. 65 years
- D. 24 years
- E. None of these

**Q.35 Essay : 31-35):Passage:**

**Study the following information carefully and answer the question given below-**

Seven persons were born in seven different years viz. 1976, 1956, 1991, 1998, 1955, 1975, 1984. (All the ages of the given persons have been calculated on base year 2019).

The difference between the ages of C and B is less than the age of J. The difference between the ages of F and E is a perfect square. The sum of ages of B and D is equal to the age of N. The age of J and E is an even number but none of them is an oldest person.

How many persons are older than C?

- A. Four
- B. Three
- C. Two
- D. One
- E. None

**Q.36 Essay : 36-40):Passage:**

**Read the given below table carefully to answer the following questions.**

Table gives information of panchayat elections held in five villages (A, B, C, D and E).

Village	Total available votes (in'000)	Votes polled (in %)	Valid votes (in %)
A	50	70	80
B	40	75	60
C	75	80	75
D	100	75	72
E	80	90	70

**Note-** 1. Percentage of votes polled =  $\frac{\text{Total votes polled}}{\text{Total available votes}} \times 100$

2. Percentage of valid votes =  $\frac{\text{Total valid votes}}{\text{Total votes polled}} \times 100$

Find the ratio of invalid votes of village A to that of village D.

- A. 3 : 5
- B. 1 : 3
- C. 6 : 7
- D. 4 : 5
- E. None of the above

Q.37 **Essay : 36-40):Passage:**

**Read the given below table carefully to answer the following questions.**

Table gives information of panchayat elections held in five villages (A, B, C, D and E).

Village	Total available votes (in'000)	Votes polled (in %)	Valid votes (in %)
A	50	70	80
B	40	75	60
C	75	80	75
D	100	75	72
E	80	90	70

**Note- 1.** Percentage of votes polled =  $\frac{\text{Total votes polled}}{\text{Total available votes}} \times 100$

**2.** Percentage of valid votes =  $\frac{\text{Total valid votes}}{\text{Total votes polled}} \times 100$

Find the approximate difference between average of valid votes of village B and E and average of total votes polled in village A, B and D.

- A. 13000
- B. 12900
- C. 12600
- D. 12500
- E. 12800

Q.38 **Essay : 36-40):Passage:**

**Read the given below table carefully to answer the following questions.**

Table gives information of panchayat elections held in five villages (A, B, C, D and E).

Village	Total available votes (in'000)	Votes polled (in %)	Valid votes (in %)
A	50	70	80
B	40	75	60
C	75	80	75
D	100	75	72
E	80	90	70

**Note- 1.** Percentage of votes polled =  $\frac{\text{Total votes polled}}{\text{Total available votes}} \times 100$

**2.** Percentage of valid votes =  $\frac{\text{Total valid votes}}{\text{Total votes polled}} \times 100$

Invalid votes of village B & C together is what percent of total votes polled in village C & E together?

- A.  $20\frac{5}{11}\%$
- B.  $24\frac{6}{11}\%$
- C.  $21\frac{3}{11}\%$

D.  $19\frac{5}{11}\%$

E.  $23\frac{3}{11}\%$

Q.39 **Essay : 36-40):Passage:**

**Read the given below table carefully to answer the following questions.**

Table gives information of panchayat elections held in five villages (A, B, C, D and E).

Village	Total available votes (in'000)	Votes polled (in %)	Valid votes (in %)
A	50	70	80
B	40	75	60
C	75	80	75
D	100	75	72
E	80	90	70

**Note-** 1. Percentage of votes polled =  $\frac{\text{Total votes polled}}{\text{Total available votes}} \times 100$

2. Percentage of valid votes =  $\frac{\text{Total valid votes}}{\text{Total votes polled}} \times 100$

Difference between valid votes and invalid votes of village E is approximately what percent of total votes available in village A?

- A. 67%
- B. 58%
- C. 54%
- D. 62%
- E. 60%

Q.40 **Essay : 36-40):Passage:**

**Read the given below table carefully to answer the following questions.**

Table gives information of panchayat elections held in five villages (A, B, C, D and E).

Village	Total available votes (in'000)	Votes polled (in %)	Valid votes (in %)
A	50	70	80
B	40	75	60
C	75	80	75
D	100	75	72
E	80	90	70

**Note-** 1. Percentage of votes polled =  $\frac{\text{Total votes polled}}{\text{Total available votes}} \times 100$

2. Percentage of valid votes =  $\frac{\text{Total valid votes}}{\text{Total votes polled}} \times 100$

Find the invalid votes in village C & D together is approximately what percent more or less than the invalid votes in village A, B & E together?

- A. 17%
- B. 21%
- C. 7%
- D. 14%
- E. None of the above

Q.41 Find the ratio of total votes polled in village A & C together to total votes polled in village B & D together.

- A. 21 : 19
- B. 15 : 17
- C. 19 : 21
- D. 17 : 15
- E. None of the above

Q.42 The expenditure and income of Manoj are in the ratio of 5:8. After some time income of Manoj is increased by 20% but at the same time his saving is also increased by  $3\frac{1}{3}\%$ . Find increased or decreased percent in his expenditure.

- A. 24%

- B. 30%
- C. 20%
- D. 15%
- E. 25%

Q.43 In Adda247, ratio of revenue generated by CRACKER book to that of by ACE book in a month is 9:11 and price of a CRACKER book is Rs. 10 more than that of a ACE book. Find total revenue generated by CRACKER book in the month of May if 350 books (CRACKER+ACE) were sold in a day. Price of a CRACKER book is 20% less than quantity of the CRACKER book sold in a day (number of books sold of each type every day is same).

- A. Rs 4,00,000
- B. Rs 4,58,000
- C. Rs 4,22,500
- D. Rs 5,58,000
- E. Rs 5,25,800

Q.44 Ratio of distance covered (in km) by the same type of car of three different companies i.e (Quick ride, Rapido and Ola) is 7:8:5 on day1 and ratio of distance covered by that car of Rapido to that of Quick ride on day2 is 2:3. If on day2 total distance covered by the same car of Rapido and that of Quick ride is 250 km and on day1 same car of Rapido covers 'm' km then total distance covered by the car of Quick ride in 2 days becomes 290 km. Find total distance covered by car of Rapido on Day 1.

- A. 400 km
- B. 160 km
- C. 140 km
- D. 240 km
- E. 250 km

Q.45 Find no. of same type of smaller spherical balls that can be formed from another hemisphere if radius of each such smaller spherical ball is 1/16th of that hemisphere?

- A. 4096
- B. 2560
- C. 2048
- D. 5096
- E. 2296

**Q.46 Essay : 46-50):Passage:**  
**Find wrong number in the given series:**

16, 1, 0, 1, 16, 32, 256

- A. 1
- B. 16
- C. 32
- D. 256
- E. 0

**Q.47 Essay : 46-50):Passage:**  
**Find wrong number in the given series:**

6, 8, 33, 116 604,3594, 25207

- A. 33
- B. 116
- C. 3594
- D. 25207
- E. 604

**Q.48 Essay : 46-50):Passage:**  
**Find wrong number in the given series:**

588, 590, 593, 602, 623, 664, 735

- A. 735
- B. 588
- C. 602
- D. 623
- E. 593

**Q.49 Essay : 46-50):Passage:**  
**Find wrong number in the given series:**

522, 352, 231, 182, 157, 148, 144

- A. Series is correct
- B. 157
- C. 231
- D. 522
- E. 352

**Q.50 Essay : 46-50):Passage:**  
**Find wrong number in the given series:**

-4, 12, -36, 60, -90, 90, -45

- A. -36
- B. 90
- C. -90
- D. -45
- E. -4

**Q.51** If Hemant works for 20 days and Manoj works for 15 days then  $\frac{3}{5}$ th of the work has been completed. If Manoj works for 6 days and Hemant works for 16 days then  $\frac{2}{5}$ th of the work has been completed. Find in how many days both can complete the work together.

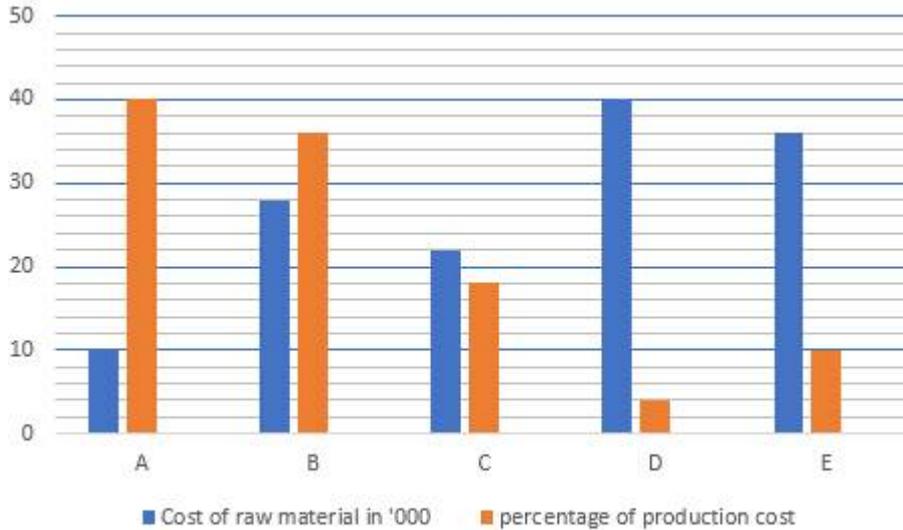

- A. 30 days
- B. 50 days
- C. 75 days
- D. 60 days
- E. Can't be determin

**Q.52** Vande Bharat express is 14% faster than Rajdhani express. They start from Delhi at same time and reach Varanasi at same time because there is a obstruction for Vande Bharat express of 7 minutes. Find speed of Vande Bharat express if distance between two destination is 285 km.

- A. 300 km/h
- B. 318 km/h
- C. 442 km/h
- D. 352 km/h
- E. 342 km/h

Q.53 Essay : 53-58):Passage:

Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).

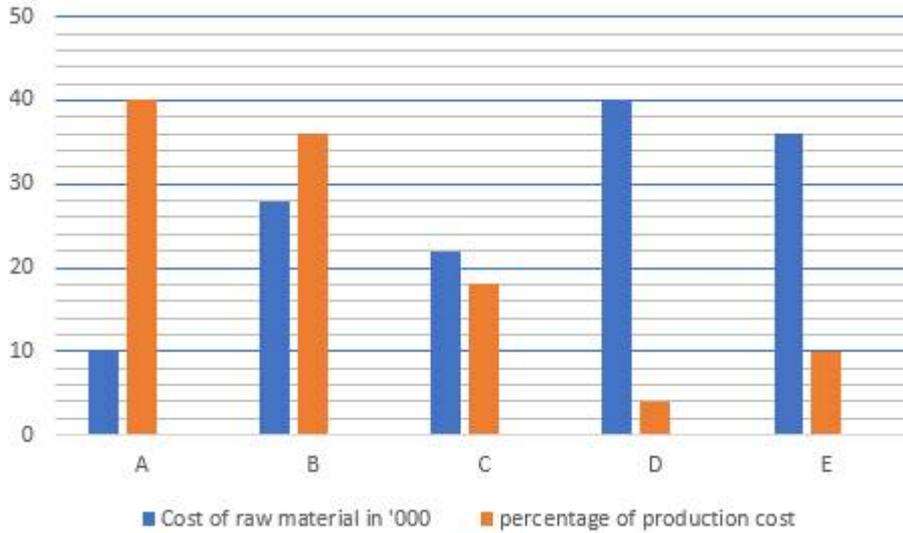

If on selling product B company got profit of  $16\frac{2}{3}\%$  of production cost of that product. Find market price of the product if product was sold at market price.

- A. Rs.38080
- B. Rs.26532
- C. Rs.29480
- D. Rs.35784
- E. Rs.39760

Q.54 Essay : 53-58):Passage:

Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).

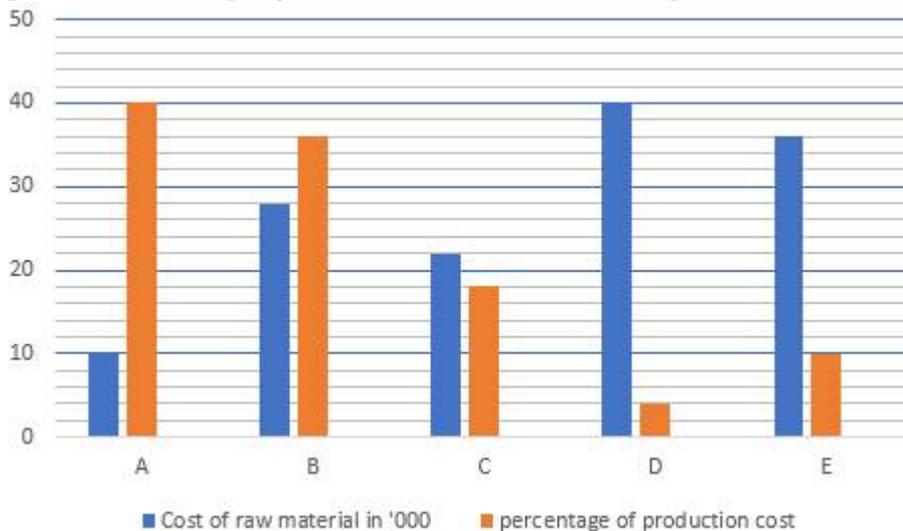

Find ratio of cost price of product A to cost price of product E for the company.

- A. 5:18
- B. 1:4
- C. 35:99
- D. 15:38
- E. 19:45

Q.55 **Essay : 53-58):Passage:**

**Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).**

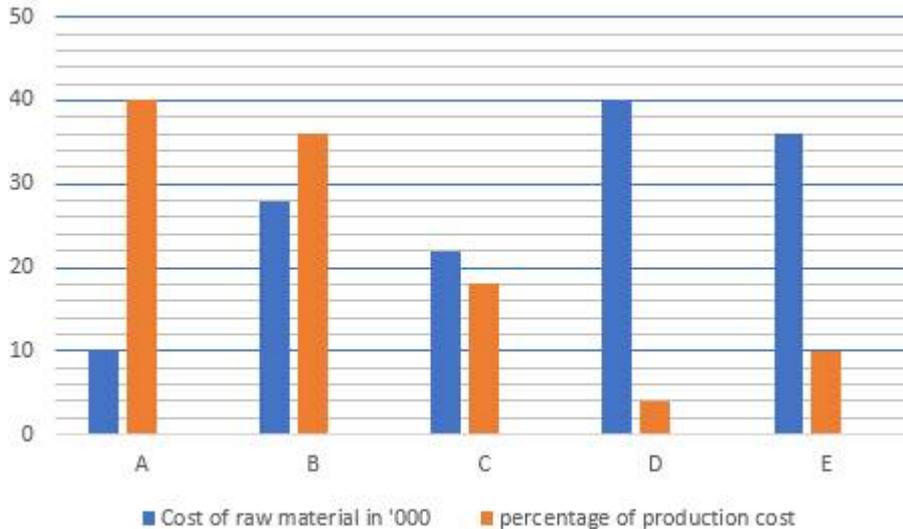

Production cost consists of transportation cost and machining cost. If for product D transportation cost is 10% of its production cost, then find at what price company should sell it to get 25% profit if transportation cost is not considered by company in calculating cost price of this product?

- A. Rs.51800
- B. Rs.41000
- C. Rs.42518
- D. Rs.40400
- E. Rs.43428

Q.56 **Essay : 53-58):Passage:**

**Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).**

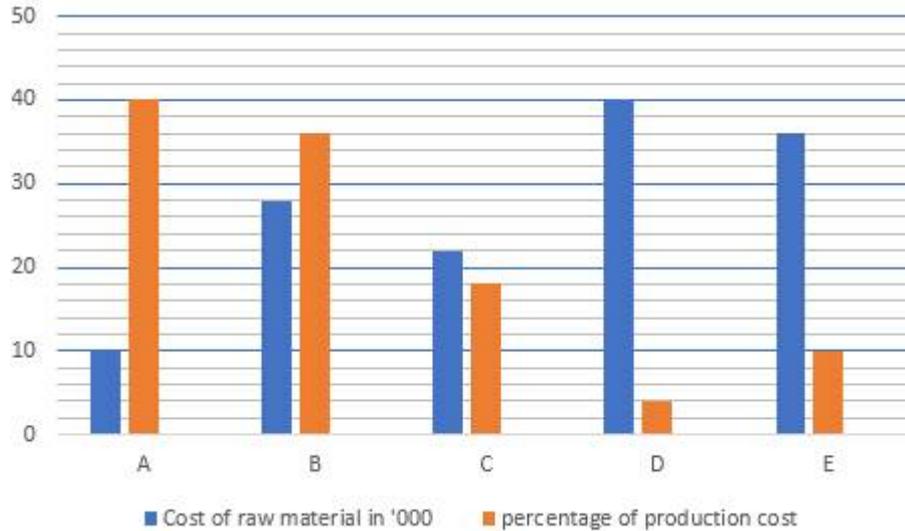

Production cost of product B is approximately how much percent more than production cost of product C?

- A. 160%
- B. 155%
- C. 142%
- D. 157%
- E. 162%

Q.57 **Essay : 53-58):Passage:**

Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).

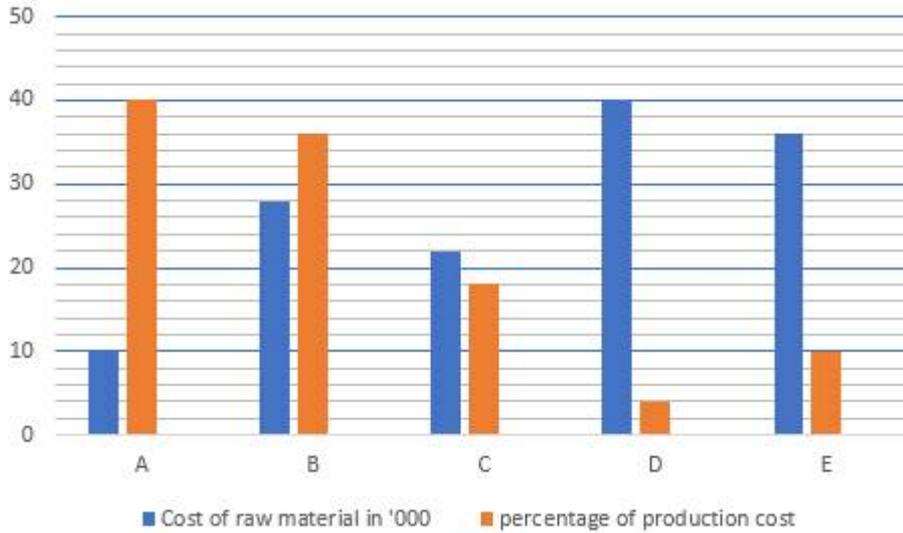

If product E was sold at  $9\frac{1}{11}\%$  profit than it's selling price becomes equal to selling price of product B when it was sold at d% profit. Find approximate value of 'd'.

- A. 15%
- B. 10%
- C. 17%
- D. 9%
- E. 13%

Q.58 **Essay : 53-58):Passage:**

Bar graph given below gives information about raw material cost (in Rs. '000) of five different products i.e (A,B,C,D, and E) manufactured by a company and percentage for cost of production which was calculated on raw material cost of that product. (Cost price of each product for company = raw material cost of that product+ cost of production of that product).

Production cost of product E is what part of average of raw material cost of product A, B and C together.

- A.  $9/50$
- B.  $19/50$
- C.  $9/70$
- D.  $19/70$
- E. None of these

Q.59 In a class there are 10 boys and 3 girls. A game was organized, find the probability of coming at least one girl in first three positions when all students participated in that game.

- A.  $3/10$
- B.  $83/143$
- C.  $157/286$
- D.  $167/289$
- E.  $157/289$

Q.60 Amount of Rs. 8000 is lent at simple interest in two parts at 20% and 10% respectively. If after one year he will get Rs. 1150 as interest then find amount which was lent at 20% per annum.

- A. Rs.3000
- B. Rs.5000
- C. Rs.3500
- D. Rs.4500
- E. Rs. 4200

Q.61 **Essay : 61-65):Passage:**

**What approximate value will come in place of (??)**

$$\left[ (1763.97)^{\frac{1}{2}} + (2197.04)^{\frac{1}{3}} \right] = \sqrt{(?)^3 + 17.12} + 4.021 \times 7.980$$

- A. 15
- B. 8
- C. 12
- D. 5
- E. 10

Q.62 **Essay : 61-65):Passage:**

**What approximate value will come in place of (??)**

$$34.971\% \text{ of } 80.13 \times 20.03\% \text{ of } 250.01 - 423.87 = ? + 51.991 \times 8.13$$

- A. 580
- B. 550
- C. 570
- D. 560
- E. 590

Q.63 **Essay : 61-65):Passage:**

**What approximate value will come in place of (??)**

$$45.0112 \div 64.992 \times 312.211 + 361.11 = ?^2 + 11.09 \times 32.13$$

- A. 15
- B. 45
- C. 35
- D. 55
- E. 25

Q.64 **Essay : 61-65):Passage:**

What approximate value will come in place of (??)?

$$?\% \text{ of } (1131.145 - 501.923 - 241.02 - 187.79) = 59.99456$$

- A. 30
- B. 50
- C. 40
- D. 60
- E. 70

Q.65 **Essay : 61-65):Passage:**

What approximate value will come in place of (??)?

$$(?\ - 554.09) - 50.045\% \text{ of } \left(\frac{6450.01}{42.91}\right) = 35.79 \times 41.12 \div 369.03$$

- A. 647
- B. 537
- C. 679
- D. 511
- E. None of the above

Q.66 **Essay : 66-70):Passage:**

**Read the below given passage carefully and answer the following questions.**

There are four persons - A, B, C and D. A & B working together can complete a piece of work in 42 days and A, B and D working together can complete the same work in 28 days. C is 20% less efficient and

$33\frac{1}{3}\%$  more efficient than D & A respectively. Total work is 2100 units.

If C works with 50% more efficiency than his usual efficiency, then find time taken by C to complete the whole work alone.

- A. 60 days
- B. 30 days
- C. 40 days
- D. 70 days
- E. 50 days

Q.67 **Essay : 66-70):Passage:**

**Read the below given passage carefully and answer the following questions.**

There are four persons - A, B, C and D. A & B working together can complete a piece of work in 42 days and A, B and D working together can complete the same work in 28 days. C is 20% less efficient and

$33\frac{1}{3}\%$  more efficient than D & A respectively. Total work is 2100 units.

B started the work and he left the work after working for 'Y' days. If the remaining work is completed by D and total work is completed in 64 days, then find 'Y'.

- A. 50 days
- B. 10 days
- C. 30 days
- D. 60 days
- E. 90 days

Q.68 **Essay : 66-70):Passage:**

**Read the below given passage carefully and answer the following questions.**

There are four persons - A, B, C and D. A & B working together can complete a piece of work in 42 days and A, B and D working together can complete the same work in 28 days. C is 20% less efficient and

$33\frac{1}{3}\%$  more efficient than D & A respectively. Total work is 2100 units.

If A, B & C starts working alternatively such as B works on first day followed by A & C, then find in how many days the whole work will be completed?

- A. 87 days
- B. 94 days
- C. 90 days
- D. 91 days
- E. 99 days

Q.69 **Essay : 66-70):Passage:**

**Read the below given passage carefully and answer the following questions.**

There are four persons - A, B, C and D. A & B working together can complete a piece of work in 42 days and A, B and D working together can complete the same work in 28 days. C is 20% less efficient and

$33\frac{1}{3}\%$  more efficient than D & A respectively. Total work is 2100 units.

Ratio of number of days taken by B & D working together to complete the work to number of days taken by A alone to complete the work.

- A. 1 : 4
- B. 5 : 7
- C. 11 : 13
- D. 2 : 3
- E. None of the above

**Q.70 Essay : 66-70):Passage:**

**Read the below given passage carefully and answer the following questions.**

There are four persons - A, B, C and D. A & B working together can complete a piece of work in 42 days and A, B and D working together can complete the same work in 28 days. C is 20% less efficient and  $33\frac{1}{3}\%$  more efficient than D & A respectively. Total work is 2100 units.

If D is working with 20% more efficiency than his usual efficiency, then find in how many days A, B, C & D working together will complete the whole work?

- A. 14 days
- B. 17 days
- C. 10 days
- D. 19 days
- E. None of the above

**Q.71 Essay : 71-75):Passage:**

**Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.**

U.S. Ambassador Kenneth I. Juster will lead a delegation of officials to hold talks with Union Commerce Minister Suresh Prabhu on Thursday to resolve several sore trade points, including the concerns of American CEOs regarding doing business in India and bilateral trade imbalance. The status of the review of India's eligibility for the Generalised System of Preferences (GSP) is also likely to come up in the light of recent developments where the U.S. has again threatened to withdraw the export exemptions for India. U.S. Commerce Secretary Wilbur Ross will participate via video conferencing. Other issues that had particularly **incensed** American businesses are India's new data localisation rules that force foreign companies to store Indians' data within the country, and rules amending FDI rules in e-commerce that had hurt American giants like Amazon and Walmart. These are likely to be high on the agenda of Thursday's Indo-U.S. CEO Forum.

Trade tensions between the two countries rose last March when U.S. President Donald Trump notified the imposition of higher import tariffs on steel and aluminium, which affected several countries, including India. In retaliation, India announced counter-tariffs on 29 American goods, worth about \$235

million, but has delayed implementing them in the hope of resolving the matter. President Trump's order was followed closely by the office of the U.S. Trade Representative (USTR) announcing that it was putting India's eligibility for GSP — under which India is allowed duty-free exports to the U.S. for about 2,000 product lines — under review. While the move was protested by the Indian government and industry chambers alike, the review was still in progress. "GSP boosts the competitiveness of American manufacturers by lowering their costs," Sanjay Budhia, chairman, CII National Committee on EXIM, said. "Approximately two-thirds of U.S. imports under GSP are raw materials, components, or machinery and equipment used by U.S. companies to manufacture goods in the U.S. for domestic consumption or for export. These benefits are real."

The USTR received applications to review India's GSP eligibility from the National Milk Producers Federation and the US Dairy Export Council, and the another from the Advanced Medical Technology Association. "As described in the India Chapter of the 2018 National Trade Estimate Report on Foreign Trade Barriers, India has implemented a wide array of trade barriers that create serious negative effects on U.S. commerce," the USTR notice document said. Mr. Ross will also try to resolve trade imbalance between India and the U.S., a sore point raised by President Trump. India's exports to the U.S. in 2017-18 stood at \$47.9 billion, while imports were \$26.7 billion. He had earlier raised the issue of unequal trade and tariffs between the two countries, especially India's seemingly high import tariffs on Harley Davidson motorcycles.

As per the information given in the passage, out of the following options which option best explains the agenda of the recent Indo-U.S. CEO Forum?

- A. To resolve several sore trade points, including the concern of doing business in India and bilateral trade imbalance
- B. To review the India's eligibility for the Generalised System of Preferences (GSP) and India's new data localisation rules
- C. The progress made so far on deliberations such as boosting renewable energy and defense ties and smart city project, and also discuss the roadmap to achieve the objectives.
- D. Both (a) and (b)
- E. None of the above

**Q.72 Essay : 71-75):Passage:**

**Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.**

U.S. Ambassador Kenneth I. Juster will lead a delegation of officials to hold talks with Union Commerce Minister Suresh Prabhu on Thursday to resolve several sore trade points, including the concerns of American CEOs regarding doing business in India and bilateral trade imbalance. The status of the review of India's eligibility for the Generalised System of Preferences (GSP) is also likely to come up in the light of recent developments where the U.S. has again threatened to withdraw the export exemptions for India. U.S. Commerce Secretary Wilbur Ross will participate via video conferencing. India's exports to the U.S. in 2017-18 stood at \$47.9 billion, while imports were \$26.7 billion. He had earlier raised the issue of unequal trade and tariffs between the two countries, especially India's seemingly high import tariffs on Harley Davidson motorcycles.

As per the information given in the passage, out of the following options which option does satisfy the given information in the passage?

- A. India's exports to the U.S. in 2017-18 were more than that of the imports from U.S.
- B. India's exports to the U.S. in 2017-18 were less than that of the imports from U.S.
- C. India's exports to the U.S. in 2017-18 were 79.4 % higher than that of the imports from U.S.
- D. Both (a) and (c)
- E. None of the above

**Q.74 Essay : 71-75):Passage:**

**Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.**

U.S. Ambassador Kenneth I. Juster will lead a delegation of officials to hold talks with Union Commerce Minister Suresh Prabhu on Thursday to resolve several sore trade points, including the concerns of American CEOs regarding doing business in India and bilateral trade imbalance. The status of the review of India's eligibility for the Generalised System of Preferences (GSP) is also likely to come up in the light of recent developments where the U.S. has again threatened to withdraw the export exemptions for India. U.S. Commerce Secretary Wilbur Ross will participate via video conferencing. Other issues that had particularly **incensed** American businesses are India's new data localisation rules that force foreign companies to store Indians' data within the country, and rules amending FDI rules in

e-commerce that had hurt American giants like Amazon and Walmart. These are likely to be high on the agenda of Thursday's Indo-U.S. CEO Forum.

Trade tensions between the two countries rose last March when U.S. President Donald Trump notified the imposition of higher import tariffs on steel and aluminium, which affected several countries, including India. In retaliation, India announced counter-tariffs on 29 American goods, worth about \$235 million, but has delayed implementing them in the hope of resolving the matter. President Trump's order was followed closely by the office of the U.S. Trade Representative (USTR) announcing that it was putting India's eligibility for GSP — under which India is allowed duty-free exports to the U.S. for about 2,000 product lines — under review. While the move was protested by the Indian government and industry chambers alike, the review was still in progress. "GSP boosts the competitiveness of American manufacturers by lowering their costs," Sanjay Budhia, chairman, CII National Committee on EXIM, said. "Approximately two-thirds of U.S. imports under GSP are raw materials, components, or machinery and equipment used by U.S. companies to manufacture goods in the U.S. for domestic consumption or for export. These benefits are real."

The USTR received applications to review India's GSP eligibility from the National Milk Producers Federation and the US Dairy Export Council, and the another from the Advanced Medical Technology Association. "As described in the India Chapter of the 2018 National Trade Estimate Report on Foreign Trade Barriers, India has implemented a wide array of trade barriers that create serious negative effects on U.S. commerce," the USTR notice document said. Mr. Ross will also try to resolve trade imbalance between India and the U.S., a sore point raised by President Trump. India's exports to the U.S. in 2017-18 stood at \$47.9 billion, while imports were \$26.7 billion. He had earlier raised the issue of unequal trade and tariffs between the two countries, especially India's seemingly high import tariffs on Harley Davidson motorcycles.

As per the given information in the passage, out of the following options which of the statement is false?

- A. Under GSP, there were zero/low concessional tariff on imports from developing countries like India
- B. Approximately one-third of U.S. imports under GSP are raw materials, components, or machinery and equipment used by U.S. companies to manufacture goods.
- C. India has implemented a wide array of trade barriers that create serious negative effects on U.S. commerce.
- D. GSP boosts the competitiveness of American manufacturers by lowering their costs.
- E. None of the above

**Q.75 Essay : 71-75):Passage:**

**Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.**

U.S. Ambassador Kenneth I. Choose the word which is most nearly the SAME in meaning as the word **INCENSED** printed in bold as used in the passage.

- A. deceased
- B. enraged
- C. deluge
- D. precluded
- E. engraved

Q.76 **Essay : 76-80):Passage:**

**In the following sentences, two phrases, (A) and (B) are given in bold. There might or might not be grammatical error(s) in one or both. Given below are the options which might correct the incorrect phrase. Find out the most appropriate option which can make the sentence grammatically correct. If there is no improvement required in the highlighted phrases, choose (E) as you answer.**

As it **was the most important presentation** and I had to reach on time, I found myself **in a**

**trouble when I got** stuck in the traffic jam.

- A. was a most important presentation, in a trouble when i got
- B. was the most important presentation, in trouble when i got
- C. is the most important presentation, in a trouble when i got
- D. was a most important presentation, in trouble when i got
- E. No improvement required

Q.77 **Essay : 76-80):Passage:**

**In the following sentences, two phrases, (A) and (B) are given in bold. There might or might not be grammatical error(s) in one or both. Given below are the options which might correct the incorrect phrase. Find out the most appropriate option which can make the sentence grammatically correct. If there is no improvement required in the highlighted phrases, choose (E) as you answer.**

Although she had informed her parents that she had gone for the counseling **at one of doctor's clinics**, she knew very well that her mental peace depended not on her **cousellor's advice but on somebody else**.

- A. at a doctor's clinic, counsellor's advice but on somebody else
- B. at one of the clinics of doctor, counsellor's advice but on somebody else's
- C. at one of the clinics of doctor, counsellor's advice but on somebody else
- D. at one of doctor's clinics, counsellor's advice but on somebody else's
- E. No Improvement Required

Q.78 **Essay : 76-80):Passage:**

**In the following sentences, two phrases, (A) and (B) are given in bold. There might or might not be grammatical error(s) in one or both. Given below are the options which might correct the incorrect phrase. Find out the most appropriate option which can make the sentence grammatically correct. If there is no improvement required in the highlighted phrases, choose (E) as you answer.**

The Lok Sabha on Tuesday **had passed a Bill allowing** 10% quota in employment and education for the general category candidates who belong to the economically weaker sections. The quota will be **over 50% reservation** to the Scheduled Castes, the Scheduled Tribes and the Other Backward Classes (OBC).

- A. passed a bill allowing, over 50% reservation
- B. had passed a bill allowing, over 50% reservation
- C. had passed a bill allowed, over and above existing 50% reservation
- D. passed a bill allowing, over and above the existing 50% reservation

E. No Improvement Required

Q.79 **Essay : 76-80):Passage:**

**In the following sentences, two phrases, (A) and (B) are given in bold. There might or might not be grammatical error(s) in one or both. Given below are the options which might correct the incorrect phrase. Find out the most appropriate option which can make the sentence grammatically correct. If there is no improvement required in the highlighted phrases, choose (E) as you answer.**

It is noticed that **the middle class have no privileges** and are real victims of the social set up. Most of the news pertaining to this **have been communicated** by the studies conducted by various well known non governmental organisations.

- A. the middle class had no privileges, will be communicated
- B. the middle class have no privilege, has been communicated
- C. the middle class has no privileges, has been communicated
- D. the middle class has no privilege, have been communicated
- E. No Improvement Required

Q.80 **Essay : 76-80):Passage:**

**In the following sentences, two phrases, (A) and (B) are given in bold. There might or might not be grammatical error(s) in one or both. Given below are the options which might correct the incorrect phrase. Find out the most appropriate option which can make the sentence grammatically correct. If there is no improvement required in the highlighted phrases, choose (E) as you answer.**

It is clear that **neither the U.S. nor China** can influence Pakistan so that it turns over a new leaf **as long as the state is controlled by the** all powerful Pakistan Army .

- A. neither US or China, as long as state is control by the
- B. either the US or China, as long the state is control by
- C. either the US nor China, as long the state is controlled by
- D. the US and China, long the state is under control of
- E. No Improvement Required

Q.81 **Essay : 81-85):Passage:**

**In the following passage against each number four words are suggested in bold which may or**

may not fit into the sentence contextually. These numbers are printed below the passage and against each, five options are given. Find out the most inappropriate option reflecting the word which must be replaced to give a contextual meaning to the paragraph. If no such error is there mark (E) i.e. "All are correct" as your answer choice.

(81) In the spring of 1861, the **bitter** sectional conflicts that had been **petrifying** between North and South over the course of four decades **erupted** into civil war, with 11 southern states **seceding** from the Union and forming the Confederate States of America. (82) Though President Abraham Lincoln's **antislavery** views were well established, and his **election** as the nation's first Republican president had been the **catalyst** that pushed the first southern states to **recede** in late 1860, (83) the Civil War at its **outset** was not a war to **relinquish** slavery. Lincoln sought first and **foremost** to preserve the Union, and he knew that few people even in the North—let alone the border slave states still **loyal** to Washington—would have supported a war against slavery in 1861. (84) By the summer of 1862, however, Lincoln had come to **believe** he could not avoid the slavery **question** much longer. Five days after the bloody Union victory at Antietam in September, he issued a preliminary **amalgamation** proclamation; on January 1, 1863, he made it official that slaves within any State, or **designated** part of a State in rebellion, "shall be then, thenceforward, and forever free." (85) Lincoln justified his decision as a wartime measure, and as such he did not go so far as to free the slaves in the border states loyal to the Union, an **omission** that angered many **Protagonist**. By freeing some 3 million black slaves in the rebel states, the Emancipation Proclamation deprived the **Confederacy** of the bulk of its labor forces and put international public opinion strongly on the Union side. Some 186,000 black soldiers would join the Union Army by the time the war ended in 1865, and 38,000 lost their lives. The total number of dead at war's end was 620,000 (out of a population of some 35 million), making it the **costliest** conflict in American history.

- A. bitter
- B. petrifying
- C. erupted
- D. seceding
- E. All are correct

Q.82 **Essay : 81-85):Passage:**

In the following passage against each number four words are suggested in bold which may or may not fit into the sentence contextually. These numbers are printed below the passage and against each, five options are given. - C. not available from other sources
- D. capital goods or components and parts rather than finished goods
- E. expanding, the U.S. won't want to undercut its relationship

**Q.91 Essay : 91-95):Passage:**

**Read the passage carefully then answer the questions given below.**

Oil-rich Kuwait is planning to double its investments in India from the current five billion dollars taking advantage of the country's growth story and also exploring third country joint projects with Delhi. The Kuwait Investment Authority (KIA) has currently invested five billion USD and plans to double this. Kuwait is also planning to enter into third country joint projects on the lines of joint Kuwait-Japan investments in third countries, sources indicated. Historically, Indo-Kuwaiti relations have always had an important trade dimension. India has consistently been among the top ten trading partners of Kuwait. During 2017-18, Kuwait was the ninth largest oil supplier to India and it meets about 4.63% of India's energy needs. "India is looking for a **substantial** Kuwaiti investments in oil & gas sector. There

are a number of Kuwaiti businesses who have a vast reserve of investments,” according to Ministry of External Affairs (MEA) brief on India-Kuwait ties. Total non-oil bilateral trade between India and Kuwait increased by about 11%, from \$ 2,150.63 million in 2015-16 to \$ 2,405.40 million in 2017-18. India’s non-oil exports to Kuwait are showing a positive trend for the past few years. Non-oil export from India to Kuwait increased by about 19.60%, from \$ 1,240.54 million in 2015-16 to \$ 1,361.06 million in 2017-18, according to MEA. Total bilateral trade with Kuwait during 2015-16 was \$ 6.2 billion. India’s exports to Kuwait grew by 4% (\$ 1.24 billion) in 2015-16 vis-à-vis 2014-15. India’s exports to Kuwait included food items, cereals, textiles, garments, electrical and engineering equipment, machinery and mechanical appliances, cars, trucks, buses, tyres, chemicals, jewellery, handicrafts, metal products, iron and steel, etc, the MEA brief added.

According to IMF estimates, Kuwait’s Nominal GDP in 2016 was \$101.524 billion and GDP per capita (PPP) was \$ 70,165.99 in 2015. It has a Sovereign Wealth Fund (SWF) of over \$ 592 billion, which is managed by the Kuwait Investment Authority (KIA), according to the MEA brief. These assets are held in 2 state-owned **sovereign** funds: the Reserve Fund for Future Generations (RFFG) and General Reserve Fund (GRF) to which Kuwait has been transferring 10% of its total revenues since October, the brief added. It is understood that in June 2017 KIA invested US\$ 87 million invested as a consortium along with Nomura in Wells Fargo, HSBC in AU Small Finance Bank. Also, in June 2017, KIA was one of the 15 Anchor investors who participated in the IPO of Dixon Technologies, a Noida based Electronic manufacturer.

According to the passage, what has prompted Kuwait to invest in Indian market?

- A. India's economy has been one of the world's fastest growing economies
- B. A bid to explore joint project with India
- C. India's improved rank in Ease of Doing Business Index in 2018
- D. Both (a) and (c)
- E. Both (a) and (b)

**Q.92 Essay : 91-95):Passage:**

**Read the passage carefully then answer the questions given below.**

Oil-rich Kuwait is planning to double its investments in India from the current five billion dollars taking advantage of the country’s growth story and also exploring third country joint projects with Delhi. The Kuwait Investment Authority (KIA) has currently invested five billion USD and plans to double this. Historically, Indo-Kuwaiti relations have always had an important trade dimension. India has consistently been among the top ten trading partners of Kuwait. During 2017-18, Kuwait was the ninth largest oil supplier to India and it meets about 4.63% of India’s energy needs. “India is looking for a **substantial** Kuwaiti investments in oil & gas sector. There are a number of Kuwaiti businesses who have a vast reserve of investments,” according to Ministry of External Affairs (MEA) brief on India-Kuwait ties. Total non-oil bilateral trade between India and Kuwait increased by about 11%, from \$ 2,150.63 million in 2015-16 to \$ 2,405.40 million in 2017-18. India’s non-oil exports to Kuwait are showing a positive trend for the past few years. Non-oil export from India to Kuwait increased by about 19.60%, from \$ 1,240.54 million in 2015-16 to \$ 1,361.06 million in 2017-18, according to MEA. Total bilateral trade with Kuwait during 2015-16 was \$ 6.2 billion. India’s exports to Kuwait grew by 4% (\$ 1.24 billion) in 2015-16 vis-à-vis 2014-15. India’s exports to Kuwait

included food items, cereals, textiles, garments, electrical and engineering equipment, machinery and mechanical appliances, cars, trucks, buses, tyres, chemicals, jewellery, handicrafts, metal products, iron and steel, etc, the MEA brief added.

According to IMF estimates, Kuwait's Nominal GDP in 2016 was \$101.524 billion and GDP per capita (PPP) was \$ 70,165.99 in 2015. It has a Sovereign Wealth Fund (SWF) of over \$ 592 billion, which is managed by the Kuwait Investment Authority (KIA), according to the MEA brief. These assets are held in 2 state-owned **sovereign** funds: the Reserve Fund for Future Generations (RFFG) and General Reserve Fund (GRF) to which Kuwait has been transferring 10% of its total revenues since October, the brief added. It is understood that in June 2017 KIA invested US\$ 87 million invested as a consortium along with Nomura in Wells Fargo, HSBC in AU Small Finance Bank. Also, in June 2017, KIA was one of the 15 Anchor investors who participated in the IPO of Dixon Technologies, a Noida based Electronic manufacturer.

As per the passage, what has been the background of Indo-Kuwait trade relations?

- A. Kuwait has made substantial investment in India's oil and gas sector
- B. There has been positive trend in non-oil trade between Kuwait and India
- C. Kuwait is ranked among India's top ten trading partners.
- D. Both (a) and (b)
- E. All of the above

**Q.93 Essay : 91-95):Passage:**

**Read the passage carefully then answer the questions given below.**

Oil-rich Kuwait is planning to double its investments in India from the current five billion dollars taking advantage of the country's growth story and also exploring third country joint projects with Delhi. The Kuwait Investment Authority (KIA) has currently invested five billion USD and plans to double this. Kuwait is also planning to enter into third country joint projects on the lines of joint Kuwait-Japan investments in third countries, sources indicated. Historically, Indo-Kuwaiti relations have always had an important trade dimension. India has consistently been among the top ten trading partners of Kuwait. During 2017-18, Kuwait was the ninth largest oil supplier to India and it meets about 4.63% of India's energy needs. "India is looking for a **substantial** Kuwaiti investments in oil & gas sector. Choose the word which is most nearly the SAME in meaning as the word **SOVEREIGN** printed in bold as used in the passage.

- A. effete
- B. subservient
- C. fettered

- D. paramount
- E. trifling

**Q.96 Essay : 96-100):Passage:**

**Rearrange the following sentences (A), (B), (C), (D), (E) and (F) in the proper sequence to form a meaningful paragraph; then answer the questions given below them.**

- (A)** The largest tsunami wave of the 1964 Alaska Earthquake measured over 200 feet in height and was recorded at Shoup Bay near the Valdez inlet.
- (B)** The violent shaking led to water, sewer and gas line breaks and widespread telephone and electrical failures.
- (C)** As the tremors ended, local tsunamis sprung up almost immediately, leaving residents little to no time to flee for higher ground.
- (D)** At 5:36 p.m. on March 27, 1964—Good Friday—the earth trembled just as many Alaskans were sitting down to dinner.
- (E)** Scientists learned a lot from data gathered after the 1964 Alaskan earthquake and put the knowledge to good use. The data helped engineers develop earthquake-resistant structures to limit future casualties and property damage.
- (F)** Geological surveys taken immediately afterward showed parts of the Alaskan coast sank up to eight feet, other parts rose up to 38 feet and much of the coast moved 50 feet towards the ocean. Coastal forests plunged below sea level and were destroyed by salt water.

Which of the following should be the **first** sentence after rearrangement?

- A. B
- B. D
- C. A
- D. F
- E. C

**Q.97 Essay : 96-100):Passage:**

**Rearrange the following sentences (A), (B), (C), (D), (E) and (F) in the proper sequence to form a meaningful paragraph; then answer the questions given below them.**
